

# SAVE LIVES, SAVE OTHERS. GET VACCINATED

Live Webinar

Date: 11 June 2022 (Saturday)

Time: 9:00 am – 4:05 pm (MYT)

With the exception of clean drinking water, no human endeavour rivals immunisation in combating infectious diseases and reducing mortality rates.<sup>1</sup> As of today, we have vaccines to prevent more than 20 life-threatening diseases to help people of all ages live longer and healthier lives.<sup>2</sup> Immunisation prevents 2 to 3 million deaths every year from diseases such as diphtheria, tetanus, pertussis, influenza and measles.<sup>2</sup>

Join us in this webinar to learn more about the importance of vaccination from the experts.
