

# Monoclonal Antibodies against COVID-19

Tuesday 29<sup>th</sup> November 2022 6.30pm | Hilton Kuala Lumpur

AstraZeneca, is pleased to invite you to join leading international healthcare expert to explore solutions to the COVID-19 pandemic. We will have a comprehensive presentation and discussion on the unmet need for COVID-19 antibody based therapies, the latest scientific data on AZD7442, as well as, the role for antibody based therapies in a vaccine landscape.

## Meet the Faculty

### Prof Richard Hobbs

Nuffield Professor of Primary Care,  
Head of the Nuffield Department of  
Primary Care Health Sciences,  
Director of the Institute for Applied  
Digital Health, University of Oxford

He has served on many national  
and international scientific and  
research funding boards in U.K.,  
Ireland Canada and WHO.

United Kingdom
